SUMMARY

"I'm a self-driven Frontend Developer with strong knowledge of HTML, CSS, JavaScript, and React. I've built multiple real-world projects, worked with APIs, and improved UI performance using modern tools like Tailwind CSS. I enjoy problem solving, debugging, and learning new technologies. I believe in continuous improvement and I'm looking for opportunities where I can contribute, learn, and grow."

EXPERIENCE

Frontend Developer
Self   2023 – Present
· Built multiple real-world web projects using HTML, CSS, JS, ReactJS.
· Created responsive Uls & optimized performance.
· Integrated APIs and backend basics (Node + Express).
